ABOUT SOMATO

COMMITTED TO INNOVATION AND EXCELLENCE

At Somato, we are an Indian micro brand focused on bringing cutting edge technologies at competitive prices. We specialize in the manufacturing of high-performance laptops, desktops, all-in-one PCs, and mini PCs and custom build specifications. Our commitment to innovation drives us to deliver cutting-edge 4G and 5G products that meet the diverse needs of our customers.

Our Mission

At Somato, we aim to deliver innovative, high-quality laptops that empower users to achieve their goals, combining cutting-edge technology with exceptional design.

Our Mission

We envision being India's preferred laptop brand, known for our commitment to innovation and quality, inspiring creativity and productivity for a smarter future.

WHY YOU SHOULD CHOOSE OUR SOMATO?

Choosing Somato means you are opting to experience innovative technology and exceptional quality. Our laptops are designed for performance, engineered for excellence, robust in reliability, and user-friendliness, ensuring an enhanced computing experience. With a seamless focus on technology, reliability and excellence, we ensure that every device we create is engineered to provide exceptional performance, empowering users to achieve their goals with ease. Our dedicated team of research experts continuously pushes the boundaries of technology, blending advanced features with sleek designs to enhance the user delight continuously.

LAPTOPS

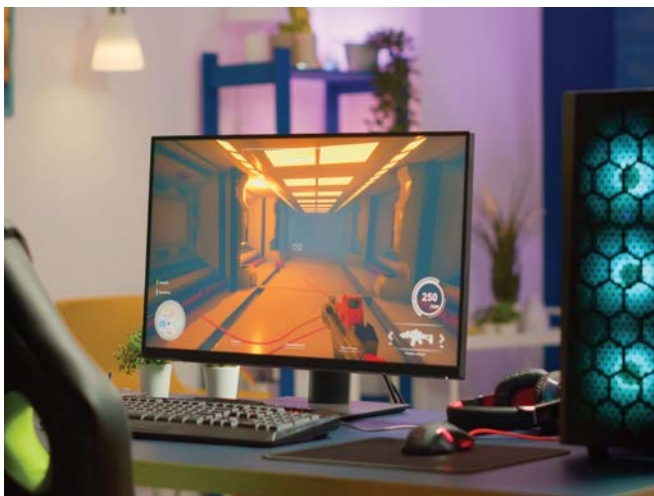

Whether you're managing heavy workloads, running demanding applications, or creating content, Somato delivers powerful performance with ease. With a sleek, modern design and advanced cooling technology, our systems provide the perfect balance of power & portability.

Experience the Future of Technology with **Somato Laptop**

Step into a new era of computing with Somato – a laptop that redefines versatility, performance, and customization. Powered by cutting-edge AMD high-end processors, our laptops are engineered to deliver exceptional speed, seamless multitasking, and the reliability professionals demand.

In addition to our core product line, Somato proudly offers OEM (Original Equipment Manufacturer) services, enabling businesses, institutions, and partners to access custom-branded and client-specific devices.

DESKTOP

From high-speed multitasking and heavy software operations to graphic rendering and data-intensive tasks, Somato Desktops handle it all with unmatched efficiency. Engineered with quality components and housed in sleek, compact chassis, they fit perfectly into both modern offices and performance-driven environments.

Redefining Power & Precision with **Somato Desktops**

Unlock the next level of desktop computing with Somato Desktops — built to deliver superior performance, long-term durability, and tailored solutions for every need. Powered by the latest AMD Ryzen processors, our desktops are designed for professionals, creators, and businesses that demand speed, stability, and scalability.

OEM & Tailored Desktop Solutions: At Somato, we go beyond standard builds. As an OEM provider, we offer a wide range of custom-built desktop solutions

OUR PARTNERS & 
SUPPORTING BRANDS

ALL IN ONE PC

All-in-One Power, Zero Compromise with **Somato AIO PC**

Experience seamless performance and space-saving elegance with the Somato All-in-One PC. Crafted with high-end AMD Ryzen processors and engineered for productivity, our AIO PCs combine the power of a desktop with the minimalism of a sleek, integrated display — making it a perfect choice for modern workspaces, retail environments, and front-office setups.

From professional applications and video conferencing to creative work and enterprise tasks, the Somato AIO handles it all effortlessly — with whisper-quiet cooling, vibrant full HD displays, and minimal cabling.

OEM & Custom-Built AIO Solutions: At Somato, we understand that no two users are the same. That's why we offer OEM and customized All-in-One PCs that cater to your unique business and technical needs

Experience unmatched performance in a compact form with the Somato Mini PC — the perfect blend of efficiency, portability, and power. Designed for modern workspaces, digital signage, kiosks, and smart office solutions, this sleek system is powered by high-performance AMD Ryzen processors, delivering desktop-class capabilities in a space-saving design.

Whether you're managing business operations, running software applications, or setting up an efficient workstation, the Somato Mini PC is built to handle it all — with quiet operation, low power consumption, and seamless connectivity.

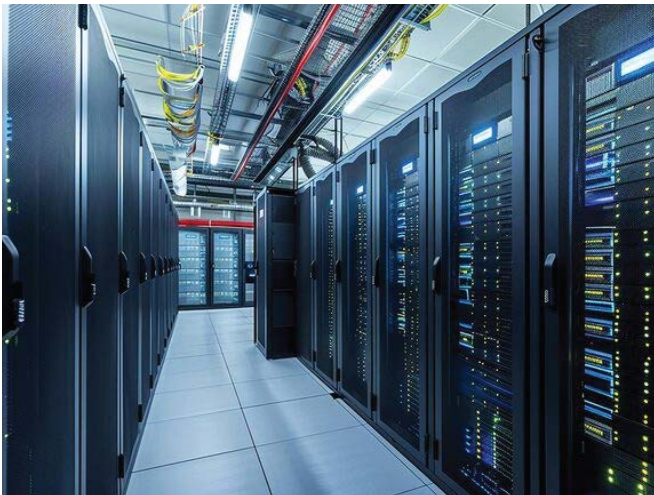

OEM & Tailored Configurations

At Somato, we go beyond the ordinary. We offer OEM partnerships and fully customized Mini PC solutions to meet your specific business or deployment needs:

- Ultra-compact systems with custom CPU/RAM/SSD/GPU options
- Fanless or low-noise designs for quiet environments
- VESA-mountable designs for flexibility in placement
- Pre-configured OS installations for easy deployment
- Branding, case modification, and logo engraving available
- Ideal for retail, POS, industrial setups, educational labs, and more

SERVERS

Backed by the latest AMD Ryzen and EPYC processor options, our servers are engineered for maximum uptime, powerful multitasking, and long-term durability — ideal for everything from small business setups to high-end data centers.

Ideal for:

Corporate IT Infrastructure

Web Hosting & Cloud Services

Database Management

Virtual Desktop Environments

AI & High-Performance Computing (HPC)

Educational & Government Deployments

Built for High-End Computing & Business Reliability with **Somato Servers**

Power your business with Somato Servers, designed to deliver enterprise-grade performance, security, and scalability. Whether you're running mission-critical applications, managing large databases, hosting virtual machines, or deploying cloud infrastructure, Somato servers provide the robust foundation your organization needs.

OEM & Custom Server Solutions: Somato is not just a brand — we're your hardware innovation partner. We offer OEM manufacturing and fully customized server builds tailored to your workload and environment.

4G & 5G APPLICATIONS

Somato offers robust and scalable 4G and 5G application solutions designed to meet the demands of today's fast-paced digital world. From enterprise connectivity to smart devices and IoT systems, our next-gen network integration ensures ultra-fast speeds, low latency, and unmatched reliability. Whether you're building a smart workspace, deploying remote systems, or enhancing real-time communication, Somato delivers the backbone for your high-speed, always-connected future.

Smart, Seamless & Superfast

Somato delivers 4G and 5G application solutions for real-time connectivity and control.

At Somato Brand, we prioritize excellence in laptop service and support through our trusted partner, Uniserved. With a commitment to delivering exceptional assistance, we ensure that your technology operates at its best, minimizing downtime and maximizing productivity. Our team of skilled professionals is dedicated to providing tailored solutions that meet the unique needs of each client, whether it's troubleshooting, repairs, or ongoing maintenance. With a focus on quality and customer satisfaction, Somato Brand and Uniserved work collaboratively to uphold the highest standards in service. We understand the critical role that laptops play in today's fast-paced environment, and we are here to support your success every step of the way. Choose Somato Brand for reliable, professional service that empowers your technology and enhances your business operations.
